

# UMB

## HYDRAULIC BOTTLE JACKS

• FORCE	3 - 50 t
• STROKE	105 - 150 mm

### FEATURES

UMB bottle jacks are made up of a single base, cylinder, reservoir and pump unit. All jacks are supplied with an operating lever. 25, 30 and 50 tonne models have a carry handle for ease of transport. All models can be used horizontally with the pumping unit below the cylinder. The seals are easily replaced cutting service time down to the minimum. Jacks are fitted with a stroke limiting device and safety valves.

### OPERATIONAL AREAS

These jacks are ideal for a variety of lifting or pushing jobs and can be used in many different industries.

Products subject to periodic variations. For more detailed information please call the sales department or visit our website.
